## How to enter the Top Videos page

Choose **Packages** in the Top Videos tab

### What is a Package?

A combination of 5 previews under the Top Videos component.

The package can be created and updated automatically (default) and can be created and edited manually.

Click on the packages tab to see all the live packages.

Clicking on the package line, a tab will be open on the right side of the screen where you can:

1. Export a div code for the Top Video
2. Delete the package
3. Edit the package title and content
4. Create a new package

The screenshot shows the Minute.ly Console interface. At the top, there is a navigation bar with a hamburger menu, a filter dropdown set to 'All', and a toolbar with icons for code, delete, edit, and a 'New' button. Below the navigation bar is a table of packages. The table has columns for Type, Id, Title, Category, Date Updated, and Impressions (Total). The first row is highlighted. To the right of the table, a detailed view of the selected package is shown, including a video player and a metadata table.
